Subject: TAR for MIT app

Hi Robert,
The MIT renewal app finally cleared ADAMS yesterday. I have had a copy of their app since the first of the month and have been assisting the licensee with getting it cleared. I am completing the SUNSI review today.

I have already had a kick-off meeting with the team members participating in the renewal. We did this on Wednesday. Here is a table with the participants. I have been lining up these people since last year and all are in:

NCS	Chris Tripp
Fire Protection	Mollie Semmes

Organization	Ty Naquin
Rad Protection	Ty Naquin
Environmental Protection	Catex
Emergency Preparedness	N/A
Decommissioning Funding Plan & Financial Assurance	Reggie Augustus
Physical Security	Al Tardiff
MC&A	Suzanne Ani
Chemical Safety	Jim Hammelman

The team will meet again on April 5 to discuss the official app; see if there are any showstoppers or other cause for rejection, timeline, etc.

I have already provided a TAC to the team members and have given them a copy of the app that I already had. We have used this additional time for acceptance review activities.

I have prepared a TAR for you to forward to the appropriate management. The timeline I am proposing, and is included in the TAR, is:

Acceptance Review: 5/5/2016
FRN for submission: 6/1/2016
RAIs to PM: 9/6/2016
RAI Response due: 11/8/2016
Draft SER to PM: 12/8/2017
Final SER to PM: 2/1/2017
Completed SER to OGC: 3/1/2017
NLO obtained from OGC: 4/1/2017
Renewal Issued: 5/1/2017
FRN for Renewal: 6/1/2017

Management that need to receive the TAR are:

Pete Habighorst
Margie Kotzalas
Tom Grice
Chris McKenney
William Gott

Let me know if you have any questions or if there is any other information you need.

Have a great weekend.

Ty
