Zion Nuclear Power Station, Units 1 and 2
Facility Operating License Nos. DPR-39 and DPR-48
NRC Docket Nos. 50-295 and 50-304

Subject: Annual Property Insurance Status Report

Reference: Letter from Dino C. Scaletti, United States Nuclear Regulatory Commission, "Zion Nuclear Power Station, Units 1 and 2 – Exemption from Requirements of 10 CFR 50.54(w) and 10 CFR 140.11," dated December 21, 1999

As required by 10 CFR 50.54, "Conditions of licenses," paragraph (w)(3), ZionSolutions, LLC is required each year to report to the NRC the current levels and sources of insurance that demonstrates it possesses sufficient financial resources to stabilize and decontaminate a reactor and reactor station site in the event of an accident. In accordance with 10 CFR 50.54(w)(3), this report is required to be submitted on April 1st of each year.

To satisfy the reporting requirements of 10 CFR 50.54(w)(3), ZionSolutions, LLC is submitting the following status of nuclear property insurance currently maintained for Zion Nuclear Power Station.

<u>Facility</u>	<u>Total Coverage</u>
Zion Nuclear Power Station	\$50 million

The insurance maintained is provided through an insurance policy purchased from Nuclear Electric Insurance Limited through Exelon Generation Company, LLC.

The above insurance policy provides coverage that satisfies the criteria specified in 10 CFR 50.54(w). The coverage reflects an exemption from the requirements of 10 CFR 50.54(w) regarding the amount of onsite property insurance. The exemption was granted by the NRC in light of the permanently shutdown status of Zion Nuclear Power Station.

If you have any questions regarding this letter, please contact me at (224) 789-4025.

Respectfully,

Gerard van Noordennen
Vice President Regulatory Affairs
