Dear Mr. Llewellyn:

On March 9, 2016, the NRC administered the generic fundamentals examination (GFE) section of the written operator licensing examination to employees of your facility. Nine applicants took the exam and eight passed. Enclosed with this letter are copies of the final answer key, the grading results for your facility, and copies of individual examination answer sheets for each of your employees. Please forward the results to the individuals along with the copies of their respective answer sheets. Please note, as a result of a software upgrade, the newly assigned operator docket numbers are now auto-generated randomly assigning a 70000 series number.

A copy of the PWR GFE and the answer key are available for your review on the NRC's website approximately 60 days following the examination administration date at:
