- (2) JLD-ISG-2012-01, Compliance with Order EA-12-049, Order Modifying Licenses with Regard to Requirements for Mitigation Strategies for Beyond-Design-Basis External Events, Revision 1, January 22, 2016 (ML15357A163)
- (3) Federal Register Notice Announcing Issuance of JLD-ISG-2012-01, Revision 1, dated February 29, 2016 (81 FR 10283) (ML15365A514)
- (4) NEI 12-06, Diverse and Flexible Coping Strategies (FLEX) Implementation Guide, Revision 2, December 2015 (ML16005A625)

By letter dated December 16, 2015 (Reference 1), NextEra Energy Point Beach, LLC (NextEra), provided notification of full compliance with Order EA-12-049 and submitted a Final Integrated Plan. NextEra's submittal indicates Point Beach Nuclear Power Plant utilized the guidance in NEI 12-06, Diverse and Flexible Coping Strategies (FLEX) Implementation Guide. NEI 12-06, Revision 0, was utilized in preparing and implementing the FLEX strategies. Subsequently, JLD-ISG-2012-01, Revision 1 (References 2 and 3), endorsed use of NEI 12-06, Revision 2 (Reference 4).

This letter is providing documentation of NextEra's intent to use NEI 12-06, Revision 2, to complete mitigating strategies assessments (NEI 12-06, Revision 2, Appendices G and H) and as a guide for FLEX strategies. NextEra does not intend at this time to revise the existing strategy for use of spent fuel pool spray, as described in NEI 12-06, Revision 0.

Use of NEI 12-06, Revision 2, does not change the information provided in NextEra's Final Integrated Plan (FIP), therefore a new FIP submittal will not be made.

This letter contains no new regulatory commitments.

If you have any questions please contact Mr. Bryan Woyak, Licensing Manager,
at 920/755-7599.

Very truly yours,

NextEra Energy Point Beach, LLC

Eric McCartney
