## SUMMARY

We have reviewed your letter dated February 10, 2016, requesting a change in RSO from Dr. Hassien to Blaine Norton and we find that we will need additional information as follows:

1. It appears that Mr. Norton is a consultant with NUMED, Inc. and is already named RSO on at least one other license located in an Agreement State. Please advise us as to how many licenses currently have Mr. Norton as the named RSO. Please include both NRC and Agreement State licenses (any/all Agreement States.)
2. If Mr. Norton were to become RSO on this license also please describe specifically how he will be able to devote sufficient time to this license to carry out the RSO duties, given his other RSO responsibilities elsewhere and his corporate responsibilities with NUMED, Inc.
3. Please describe the minimum amount of time he expects to spend serving as RSO for this license over a specified time period, such as "per week" or "per month."
4. Please specify what his typical response timeframe would be if he should be needed for emergency response for this license, both by telephone and "in person." (Continued next page)

Please respond directly to me for this case only; future new licensing requests should be addressed to the "Materials Licensing Branch Chief." Upon receipt of your written response we will continue our review.
