Hi Carolyn,

Please find attached a draft copy of the summary of the conference call that we held on March 31, 2016 regarding clarification questions on RAI responses. The purpose of sending you a copy is to request that NWMI review the summary to ensure that proprietary information has not inadvertently been included since this meeting summary will be made publically available. Also, please review to confirm that the information NWMI discussed during the call is accurately captured and summarized.

Please let me know by Friday (4/8) if you identify information within the summary that should be withheld or if there are statements that are inaccurate.

Thanks,
Nancy
