Bridgeport, WV 26330

SUBJECT: PHARMALOGIC WV, LTD., LICENSE AMENDMENT, CONTROL NO. 590347

Dear Dr. Van Sant:

This refers to your license amendment request dated February 23, 2016. Enclosed with this letter is the amended license removing Shawn Lorrain, R.Ph. and Tamiko Ushio, R.Ph. As discussed in the telephone conversation with Janice Nguyen on March 17, 2016, the request to add Ge-68/Ga-68 generators is being voided at this time pending development of NRC guidance; and you concurred with this action.

Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region I Office, Licensing Assistance Team, (610) 337-5239, so that we can provide appropriate corrections and answers.

An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(14).

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Med, Ind, & Academic Uses**; then **Licensee Toolkits**, see our **toolkit index page**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 8:00 a.m. to 5:30 p.m. EST, Monday through Friday (except Federal holidays).

Thank you for your cooperation.

Sincerely,

Original signed by Tara L. Weidner
