Subject: Information requested to complete renewal

Discussion: I discussed with the licensee that they had requested material permitted by 10 CFR 35.300 in addition to I-131 (which is covered by 10 CFR 35.300). The request was for 500 millicuries of 35.300 material and 500 millicuries of I-131. After discussion, it was decided that the request was for 500 millicuries of material permitted by 10 CFR 35.300.

The licensee also committed to implementing and maintaining **written** procedures for safe use of unsealed byproduct material.

Action Required: Process renewal
