SUBJECT: RE-CHARACTERIZATION OF DISPUTED NOTICE OF VIOLATION (EA-16-071)

Dear Mr. Burch:

Thank you for your response dated March 7, 2016, to the Notice of Violation (NOV) issued on February 8, 2016. The NOV was in regards to inspections conducted December 14-17, 2015, at the BWXT Nuclear Operations Group (BWXT-NOG), Inc., facility in Lynchburg, VA. The results of the inspection were documented in Nuclear Regulatory Commission (NRC) Inspection Report No. 70-27/2015404.

In your response to the NOV, you disputed that the violation (70-27/2015-404-01) occurred as stated. We have evaluated your response, and have concluded for the reasons presented in the enclosed evaluation that the violation should be re-characterized. Additionally, the NRC has concluded that the non-cited violation (NCV) criteria of Section 2.3.2 of the NRC Enforcement Policy has been satisfied. As such, the NRC will adjust our administrative records accordingly.
