TO: License Fee Management Branch

FROM: RIII - Material Licensing Branch

SUBJECT: VOIDED APPLICATION

Control Number: 590017

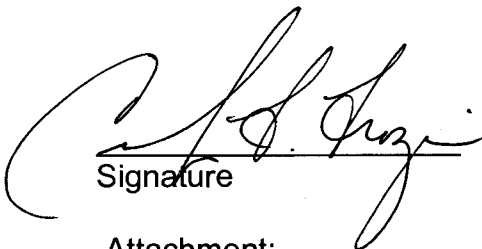

Applicant: Niowave, Inc.

License Number: 21-35144-02

Docket Number: 030-38770

Date Voided: April 20, 2016

Reason for Void: In accordance with a telephone conversation on April 12, 2016, with the licensee's staff, Jerry Hollister, Chief Operating Officer, Terry Grimm, Ph.D. President and Senior Scientist, Valeriia Starovoitova, Ph.D., Radiation Safety Officer, (and NRC- Frank Tran) regarding an amendment request dated January 19, 2015 (received January 25, 2016; ML16025A091) to modify the possession limits, and make several changes to the radiation safety program, it was concluded that additional information was required. Therefore, based on the telephone conversation and discussions with the Branch Chief, MLB, it was determined that the amendment request would be voided to allow the licensee sufficient time to prepare for a licensing meeting (Region III Office) to discuss the additional information needed and respond to a request for information. A letter discussing the void action will be provided to the licensee.
