Rocky Hill, Connecticut 06067

SUBJECT: REQUEST FOR CONSENT TO DIRECT LICENSE TRANSFER

By letter dated December 18, 2015, Connecticut Multispecialty Group, P.C. submitted to the U.S. Nuclear Regulatory Commission (NRC) a Request for Consent to a direct license transfer of NRC Materials Licenses Nos. 06-14854-01 and 06-28798-01. Based on the information you provided, we understand that as a result of a merger between Connecticut Multispecialty Group, P.C. and Grove Hill Medical Center, P.C., control of Grove Hill Medical Center, P.C., was directly transferred to Connecticut Multispecialty Group, P.C. We further understand that this transfer did not result in any change to the licensed materials, persons using the license material, location of use of licensed material, or persons responsible for the licensee's radiation safety program. At the completion of the merger, on January 1, 2016, Connecticut Multispecialty Group, P.C. changed its name to Starling Physicians, P.C. As a result of the merger, License No. 06-28798-01 issued to Grove Hill Medical Center is hereby terminated, and License No. 06-14854-01, issued to Connecticut Multispecialty Group, P.C. has been amended to: (1) reflect the name change to Starling Physicians, P.C.; (2) add the facility located at One Lake Street, Building A, 2nd Floor, Cardiology, New Britain, Connecticut formerly occupied by Grove Hill Medical Center; and (3) add the two authorized users formerly on the Grove Hill Medical Center license.

Based on the above understandings and as more fully detailed in the enclosed NRC staff's Safety Evaluation Report which documents the NRC staff's review of the request, the NRC consents to the transfer. Future changes in the licensee's name, licensed use, licensed materials, licensed location, or persons responsible for licensed material requires submission of a request to amend the license. NRC approval must be received prior to implementation of the proposed change. Please contact Robert Gallagher at (610) 337-5182, or by e-mail robert.gallagher@nrc.gov if you have any questions regarding this letter.

M. Vye
