Cindy Bladely
Office of Administration
US NRC

Dear Ms.Bladely,

I was alarmed to learn that Strata energy has submitted a license application to expand their uranium mining and processing near Devil's Tower and Oshoto Reservoir.

I oppose this proposed project because of the adverse impact it will have on the water supply, the long legacy of spills and leaks caused by uranium extraction and processing, the negative effect it will have on animals, people and the environment in general.

Please consider both the short- and long-term effects that this project would have.

Thank you.

Sincerely,
Debra L. Diegoli
