

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D.C. 20555-0001

April 26, 2016

Mr. Steven Toelle  
Director, Regulatory Affairs  
Centrus Energy Corp.  
6903 Rockledge Drive  
Bethesda, MD 20817-1818

SUBJECT: CENTRUS ENERGY CORP. HEADQUARTERS CLASSIFIED  
ADMINISTRATIVE THIN CLIENT SYSTEM CONTINUOUS MONITORING  
REPORT – COST ACTIVITY CODE NUMBER L34361

Dear Mr. Toelle:

I am responding to your letter dated April 4, 2016 (AC 16-0007) (Agencywide Documents Access and Management System (ADAMS) Accession Number ML16116A214), submitting to the U.S. Nuclear Regulatory Commission (NRC) the Centrus Energy Corp.'s (Centrus) Headquarters Classified Administrative Thin Client System Continuous Monitoring Report, Part I. The report is required by NRC's Authorization to Operate, which was provided to Centrus on April 24, 2015 (see ADAMS Accession Number ML15113A798).

The NRC staff, in coordination with subject matter experts from the U.S. Department of Energy, Oak Ridge Site Office, conducted an initial review of your submittal. However, since the thin client system is being relocated, Centrus must provide an updated report once the relocation is completed and the system is operational. The NRC will then complete its review of the revised report and make any final determination.

Efforts under Cost Activity Code number L34361 will remain open.

In accordance with Title 10 of the *Code of Federal Regulations* 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records System component of NRC's ADAMS. ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

S. Toelle
