Follow-Up to Site Visit
Munster, IN

Dear Ms. Shaffer:

Per our close-out discussion of the on-site visit of April 27, 2016 we offer the following information:

- The official address for all correspondence related to this license is below. Further the address shown on our application is incorrect and the following is the correct address to be used for all correspondence:

OZ Engineering, LLC
9358 Calumet Avenue
Munster, IN 46321

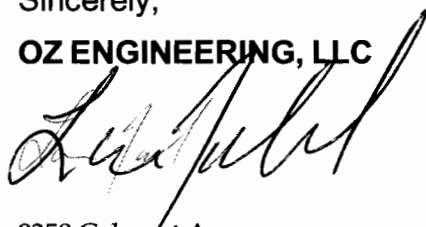

- We further confirm that OZ is applying to purchase, utilize and store eight (8) Troxler Nuclear Density Gauges at the Munster Location.
- Attached is a revised, clean copy of the "Delegation of Authority" letter with signature in the correct location.

We believe this completes the follow-up clarifications from our on-site meeting.

Please advise if you need additional information.

Sincerely,

OZ ENGINEERING, LLC

Delegation of Authority:

Memo To: Radiation Safety Officer
From: Chief Executive Officer
Subject: Delegation of Authority (OZ Engineering, LLC – Control No. 590451)

You, Nickolas Lococo, have been appointed Radiation Safety Officer and are responsible for ensuring the safe use of radiation. You are responsible for managing the Radiation Protection Program; identifying radiation protection problems; initiating, recommending, or providing corrective actions; verifying implementation of corrective actions; stopping unsafe activities; and ensuring compliance with regulations. You are hereby delegated the authority necessary to meet those responsibilities, including prohibiting the use of byproduct material by employees who do not meet the necessary requirements and shutting down operations where justified to maintain radiation safety. You are required to notify management if staff does not cooperate and does not address radiation safety issues. In addition, you are free to raise issues with the Nuclear Regulatory Commission at any time. It is estimated that you will spend 2 hours per week conducting radiation protection activities.

Signature of Management Representative
