Commissioner Burns,

IBEW having just become aware of the NRC staff recommendation 3 weeks ago started both a House and Senate Sign on letter to you about the staff recommendation. We will have the House letter completed and to you by the end of next week. We are at over 100 signatures on the House letter. The Senate letter started later than the House letter and with the congressional break all next week we would not be able to get the completed signed senate letter to you until the Wednesday May the 18th. The IBEW would respectful request that you would allow us the opportunity for U.S. Senate members to send their letter to you before you make your final decision and vote on the rule.

Sincerely,

Anna Jerry

IBEW International Representative
