Honorable Chairman Burns, I would like to ask that you disapprove SECY-15-0149: Role of Third Party Arbitrators in Access Authorization & Fitness-for-Duty Determination Reviews at Nuclear Power Plants.

I work in Operations Training at Point Beach Nuclear Plant and am a member of union IBEW 2150. I seen first hand what happens when a company can suspend somebodies authorized access with no check and balances.

Thank you for your consideration.
