Subject: [External_Sender] Response to BEA Research Reactor Cask RAIs

Norma,

We have received and reviewed the RAIs sent to us by letter dated November 10, 2015. After reviewing the amount of calculation work that must be performed, we have determined that we will not be able to meet the proposed schedule of responses by January 4, 2016. Due to the intervening holiday period and a resource utilization issue, we need to delay our response due date to February 1, 2016.

I have left you a voice message with this same information. If you have any questions, please let me know.
