

**UNITED STATES OF AMERICA  
U.S. NUCLEAR REGULATORY COMMISSION  
BEFORE THE SECRETARY**

In the Matter of:  
SOUTHERN NUCLEAR OPERATING CO  
Vogtle Electric Generating Plant  
Units 3 and 4  
License Amendment Application  
Docket Nos. 052-00025 and 052-00026;  
NRC-2008-0252-0057

May 2, 2016

**STANDING DECLARATIONS IN SUPPORT OF  
PETITION FOR LEAVE TO INTERVENE AND REQUEST FOR HEARING BY  
THE BLUE RIDGE ENVIRONMENTAL DEFENSE LEAGUE AND ITS  
CHAPTER CONCERNED CITIZENS OF SHELL BLUFF REGARDING  
SOUTHERN NUCLEAR OPERATING COMPANY'S REQUEST FOR A  
LICENSE AMENDMENT AND EXEMPTION FOR CONTAINMENT  
HYDROGEN IGNITER CHANGES, LAR-15-003**

UNITED STATES OF AMERICA  
NUCLEAR REGULATORY COMMISSION

BEFORE THE SECRETARY

In the Matter of  
Southern Nuclear Operating Company  
License Amendment Application for  
Combined Licenses NPF-91 and NPF-92  
Vogtle Electric Generating Plant Units 3 and 4  
Docket Nos. 052-00025 and 052-00026;  
NRC-2008-0252-0057

**DECLARATION OF STANDING**

Under penalty of perjury, I declare as follows:

1. My name is Evelyn Fulton.  
I am a member of Blue Ridge Environmental Defense League and its chapter Concerned  
Citizens of Shell Bluff.

2. I live at 3930 Bowen Dr. Heph. Ga.

My home lies within 25 miles of the site in Burke County, Georgia, jointly owned by Georgia Power Company, Oglethorpe Power Corporation, Municipal Electric Authority of Georgia and the City of Dalton for which Southern Nuclear Operating Company has applied to the U.S. Nuclear Regulatory Commission for a License Amendment for the construction and operation of Plant Vogtle Units 3 and 4.

3. The proposed license amendment would alter the plant's hydrogen ignition system. These changes could increase the chance or effects of an accident, create the possibility of a new or different kind of accident and reduce the margin of safety. Failure of the hydrogen ignition system could lead to rupture of the containment structure, releasing radioactive contamination and endangering me and other residents of Shell Bluff.

4. Therefore, I have authorized Blue Ridge Environmental Defense League to represent my interests in this proceeding by filing arguments opposing the issuance of a License Amendment to Southern Nuclear Operating Company.

My home lies within 25 miles of the site in Burke County, Georgia, jointly owned by Georgia Power Company, Oglethorpe Power Corporation, Municipal Electric Authority of Georgia and the City of Dalton for which Southern Nuclear Operating Company has applied to the U.S. Nuclear Regulatory Commission for a License Amendment for the construction and operation of Plant Vogtle Units 3 and 4.

3. The proposed license amendment would alter the plant's hydrogen ignition system. These changes could increase the chance or effects of an accident, create the possibility of a new or different kind of accident and reduce the margin of safety. Failure of the hydrogen ignition system could lead to rupture of the containment structure, releasing radioactive contamination and endangering me and other residents of Shell Bluff.

4. Therefore, I have authorized Blue Ridge Environmental Defense League to represent my interests in this proceeding by filing arguments opposing the issuance of a License Amendment to Southern Nuclear Operating Company.
