SUBJECT: CLOSURE OF INVESTIGATION (OI 4-2014-015)

Dear Ms. Cristi:

This refers to an investigation conducted by the U.S. Nuclear Regulatory Commission's (NRC's) Office of Investigations regarding activities at Pacific Soils Engineering & Testing, Barrigada, Guam. The Office of Investigations initiated the investigation to determine whether the Professional Engineer/Radiation Safety Officer with Pacific Soils Engineering & Testing willfully failed to obtain a license amendment authorizing the total activity and specific gauge model number for a gauge in your possession on Pacific Soils Testing & Engineering's NRC license.

Based on the evidence developed during the investigation, the allegation that Pacific Soils Engineering & Testing willfully failed to obtain a license amendment authorizing the total activity and specific gauge model number on Pacific Soils Testing & Engineering's NRC license, was not substantiated. The NRC plans no further action related to the willful aspect of this allegation and considers this investigation closed.

You should note that final NRC documents may be made available to the public under the Freedom of Information Act subject to redaction of information pursuant to the Freedom of Information Act. Requests under the Freedom of Information Act should be made in accordance with 10 CFR 9.23, Requests for Records. Information is accessible from the NRC's website at <http://www.nrc.gov/reading-rm/foia/foia-request.html#how>.

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be made available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC website at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

A handwritten signature in blue ink that reads "John G. Kramer".
