Larry –

Thanks for the update and providing the information. The document is in the process of being added to ADAMS. I will let you know if there are any additional questions.

Doug

Subject: [External_Sender] North Butte-Brown Ranch Hydrologic impact.

Doug,

The updated cumulative hydrologic impact report for the North Butte project has arrived at NRC. We sent the report to answer the outstanding questions that Elise had on the North Butte flow increase.

Please let me know if you have any additional questions.

Thanks,

Larry
