WAS RETAINED BY THE NRC.

Dear Dr. Gardner:

I am pleased to inform you that you passed the Certifying Examination held on October 1-2, 2015. The American Board of Radiology hereby grants you a Certificate in Diagnostic Radiology.

In addition, because you completed the appropriate training for Authorized User (AU) eligibility and passed the NRC-related portions of the Core and Certifying examinations, you will receive the AU-eligible designation on your certificate.

All new diplomates are enrolled in Continuous Certification, a process that links the ongoing validity of certificates to meeting the requirements of Maintenance of Certification (MOC). Certificates no longer have "valid-through" dates but instead have the date of initial certification accompanied by the statement that "ongoing validity of this certificate is contingent upon meeting the requirements of Maintenance of Certification." Further information regarding the MOC process will be provided to you in a separate communication.

You may now use the ABR's registered certification mark, DABR (Diplomate, American Board of Radiology), following your name and degree. More information can be found on the policies page of the ABR website, <http://www.theabr.org/all-policies>.

Our printer will send your certificate to the above address in approximately four months. If you have an address change, you must update your address using the myABR portal by December 1, 2015. Your name will appear on the certificate as it is shown above. If you wish to have your name displayed differently on your certificate, please email [information@theabr.org](mailto:information@theabr.org) with your requested change by December 1, 2015. Please be sure to title the email "Certificate Name Change." Legal name changes cannot be made via the myABR portal as they require supporting documentation, which can be emailed to [information@theabr.org](mailto:information@theabr.org).

Your name and demographic information will also be included in a directory published by the American Board of Medical Specialties. It is your responsibility to notify other local, state, or national organizations of your certification.

Personally, and on behalf of the Board of Trustees of the American Board of Radiology, I wish to congratulate you for this distinguished achievement.

Best regards,

Valerie P. Jackson, MD
