In the Matter of
Florida Power & Light Company
(Turkey Point Units 6 and 7)
Docket Nos. 52-040 and 52-041

Dear Administrative Judges:

Pursuant to the Licensing Board's Memorandum and Order dated March 30, 2011, as modified by the Licensing Board's Notice dated September 12, 2012, the Staff is providing the Licensing Board and the parties an index identifying additions to the Hearing File required to be disclosed by the Staff pursuant to 10 C.F.R. § 2.336(d). The index contains the ADAMS accession number, date, and title of each listed document so as to make each document readily retrievable from the agency's website, www.nrc.gov, using the ADAMS "Find" function. Additionally, the Staff will add the documents identified in the index to the agency's Electronic Hearing Docket ("EHD") associated with this proceeding entitled "Turkey Point Hearing File." Also attached, as required by 10 C.F.R. § 2.336(c), is the Affidavit of Manny Comar.

In accordance with the Licensing Board's March 30, 2011, Memorandum and Order, relieving all parties from the obligation of producing privilege logs, as otherwise required by 10 C.F.R. §§ 2.336(a)(3) and 2.336(b)(5), the Staff is not now producing privilege logs. In accordance with the March 30, 2011, Order, however, the Staff is required to produce a log of documents withheld as containing proprietary information. In preparing the enclosed Hearing File Index update, the Staff identified no documents for inclusion on the log of documents withheld as containing proprietary information. Accordingly, no privilege log is attached. As directed by the Licensing Board, the Staff is preserving and maintaining all privileged documents during the pendency of this proceeding.

In accordance with the Licensing Board's March 5, 2014, Order, the Staff, in Hearing File Update No. 41, dated September 11, 2014, and Hearing File Update No. 36, dated April 10, 2014, provided best-estimate schedules for issuing the final Safety Evaluation Report ("SER") and final Environmental Impact Statement ("EIS"), respectively. On October 27, 2015, the Staff informed the Applicant of changes to these schedules. See Letter from F. M. Akstulewicz, NRC, to M. K. Nazar, FPL (Staff October 2015 Letter) (ADAMS Accession No. ML15286A109).

The schedule in regard to the EIS is unchanged from the schedule set forth in the Staff letter dated October 27, 2015, and the Staff projects that it will issue the final EIS in October 2016. The Staff, however, will look for opportunities to accelerate the completion of the environmental review.

As indicated in the Staff letter dated October 27, 2015, the final milestone for completing the safety review and issuing the SER is listed as "under review." The Staff letter states that the Staff is engaging with the AP1000 licensees and applicants, as well as Westinghouse, to resolve several design issues. As indicated in the cover letter to Staff Hearing File Update No. 60, dated April 7, 2016, the Staff has indicated to the Applicant that the Staff is working to complete the SER in October, 2016. However, that schedule is subject to resolution of the design issues mentioned above, and could change. When there is greater clarity on the timetable for issuing the final SER, the Staff will set a definite schedule for the completion of the Turkey Point Units 6 and 7 COL safety review.

The Staff will promptly inform the Board when it can provide a definite schedule for issuing the final SER, or if the Staff determines that it can accelerate the schedule for issuing the final EIS.

In addition, Staff Counsel have been assigned new phone numbers and a new physical mailing address. Anthony Wilson may be reached by telephone at (301) 287- 9124, Olivia Mikula may be reached at (301) 287-9107, and I may be reached at (301) 287-9177. The new physical mailing address has changed only in regard to the mail stop, which is now Mail Stop O-16 F3. All other information on the Notices of Appearance filed by Staff Counsel in this proceeding remains unchanged.

Respectfully submitted,

/Signed (electronically) by/

Robert M. Weisman
