Attn: Document Control Desk, Director  
Office of Nuclear Material Safety and Safeguards  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555-0001

**Subject: Uranium One USA, Inc. Willow Creek Project, License SUA-1341  
Notification of Change in Byproduct Waste Disposal Facility**

Document Control Desk, Director:

As required by License Condition 9.7 of SUA-1341 Uranium One is providing NRC notice that a new Byproduct Material Disposal Agreement has been implemented with Energy Fuels Resources, Inc. and Uranium One USA, Inc., effective April 28, 2016. A copy of the agreement has been provided for NRC review as required by License Condition 9.7., and is included in Attachment 1 of the letter. Uranium One is requesting that Attachment 1 of this document be withheld from public disclosure because it contains privileged, or confidential commercial or financial information related to disposal costs for Uranium One byproduct materials consistent with 10 CFR 2.390.

Consistent with 10CFR 2.390 each page of the By-Product Material Disposal Agreement in Attachment 1 of the document between Uranium One USA, Inc. and Energy Fuels Resources, Inc. has been marked consistent with the requirements contained in 10 CFR 2.390 (9)(b)(1)(i)(A).

Uranium One informed Ron Linton of your staff regarding the change in waste disposal facilities for by phone on Monday, May 9, 2016 and was informed this written notification would follow.

Should NRC have any questions or need additional information in regards to this matter please contact me at (307) 234-8235 ext. 330 or email at [scott.schierman@uranium1.com](mailto:scott.schierman@uranium1.com).

Sincerely,

Scott Schierman  
HSE Manager
