Dear Mr. Goorevich:

Enclosed is an application, dated April 25, 2016, received by the U.S. Nuclear Regulatory Commission (NRC) from RSB Logistic Inc., requesting Amendment No. 06 to export license XSOU8798/05 for the export of natural uranium as uranium ore concentrate (U_3O_8) to Canada.

The purpose of the amendment is to change the name of the licensee.

Since there are no changes to the terms and conditions of the existing license being requested, our office is processing this as a minor amendment. Therefore, the NRC intends to issue the license after the required 30-day review period.

Sincerely,
