Docket No. 030-30266

JOINT MOTION FOR TOLLING OF
FILING DATE PENDING COMPLETION OF SETTLEMENT

21st Century Technologies, Inc. (Licensee) and the staff of the Nuclear Regulatory Commission (Staff), respectfully request that the Atomic Safety and Licensing Board (Board) toll the November 18, 1997, date for the Licensee to respond to two motions for summary disposition filed by the Staff. The parties agree that good cause exists for the request in light of the parties having reached an agreement for settlement and the need for time to complete and file a settlement agreement for the Board's approval. The parties estimate that, due to the availability of necessary individuals who must review the written agreement, the agreement will be provided to the Board by Friday, December 5, 1997.
