Subject: *Ameripysics, LLC Notification to NRC of Work Activity under License Number 41-35264-01, Amendment No.1 in St. Louis, MO*

Please accept this letter as our notification to the Regional Administrator, U.S. Nuclear Regulatory Commission, at the Region 1 Office in accordance with Section 18 A. of Ameripysics, LLC NRC Radioactive Materials License Number 41-35264-01. 03038862

Ameripysics, LLC (Ameripysics) has been contracted to perform concrete core sampling and subsequent decommissioning of the Cardinal Health cyclotron and shield vault located at 10718 Trenton Ave., St. Louis, MO 63132. These work activities will commence in two phases:

- The first phase will consist of concrete core sampling with a start date of May 18, 2016 and be completed no later than May 20, 2016.
- The second phase will consist of removal of the cyclotron and associated components, decommissioning of the vault system, and final status survey of the cyclotron facility. Start and completion date has yet to be set for phase two.

This request is for the work associated specifically to Phase 1 of the work scope. Prior to the commencement of Phase 2, Ameripysics will notify the NRC Regional Administrator, U.S. Nuclear Regulatory Commission, at the Region 1 Office with at least 14 day notice.

In accordance with Section 18 A of Ameripysics, LLC NRC Radioactive Materials License Number 41-35264-01, the following information is provided:

- (1) **Estimated type, quantity, and physical/chemical form(s) of material:**
 - Ameripysics will not be introducing any new radioactive material to the facility. We will be taking concrete core samples from walls, floor and ceiling that have become activated due normal operations of the cyclotron facility. These samples will be shipped to an appropriately licensed laboratory for radiological analysis.
- (2) **Specification of Site Location:**
 - Cardinal Health – St. Louis, MO facility is located at 10718 Trenton Ave., St. Louis, MO 63132.
