KHNP is hereby submitting a revised response to RAI 198-8208 for Question 14.02-28, dated September 4, 2015. The original response was tied to the ITP revision effort that was completed earlier this year. When developing the response to the RAI, it was determined that additional changes to the ITP were desired to include specific reference to the auxiliary feedwater actuation signal (AFAS). The enclosure provides the revised response to RAI 198-8208 for Question 14.02-28 (Non-Proprietary).

If additional information or clarification is required, please contact Daegeun Ahn, Director of KHNP Washington DC Center at ahn.daegeun@khnp.co.kr or 703-388-0592.

Sincerely,
