Subject: Response to NRC comments pertaining to Draft Final Historical Site
Assessment/Records Search Task Plan for Great Kills Park

Dear Mr. Misenhimer:

This letter is in response to comments you provided the National Park Service (NPS), as part of the U.S. Nuclear Regulatory Commission's (NRC) participation in the Great Kills Park Consultative Working Group (CWG), pertaining to the project planning document entitled *Draft Final Historical Site Assessment/Records Search Task Plan for the Great Kills Park site located in Staten Island, NY*. The draft final document was sent by email from NPS to the NRC on December 15, 2015.

Enclosed please find a record of NRC comments and NPS responses. NPS appreciates your participation in the CWG and looks forward to successful completion of this and subsequent phases of the project.

Should you have any questions, please feel free to contact Kathleen Cuzzolino, Gateway National Recreation Area, at (718) 354-4609.

Sincerely,

Jennifer T. Nersesian
Superintendent

Enclosure

**Response to Comments from the U.S. Nuclear Regulatory Commission (NRC) Pertaining to the December 4, 2015,
Draft Final Historical Site Assessment/Records Search Task Plan for Great Kills Park, Staten Island, New York**

Page	Paragraph	Comment	Response
1	1	The NRC staff has reviewed the Draft Final Historical Site Assessment/Records Search Task Plan and has no comments. However, Tables 4, 5, and 6 were incomplete. Please email these tables to me.	Tables 4, 5, and 6, as shown in the Task Plan, are “templates” for data that will be collected and uploaded into the project SharePoint site during the implementation of the HSA/RS. The data will reside on the project SharePoint site in tables formatted consistent with the “templates” shown in Tables 4, 5 and 6. The data tables will be continuously populated during the HSA/RS work. Once the work is complete, the data tables will be included in a Summary Report.
