Hello Chris

We have received the site Physical Protection Plan, Revision 19, transmitted by your letter 16-039

The Plan and the description of its changes were properly marked and are withheld from the public. The letter, with the enclosures removed, will be publically available.

We have opened CAC L33415 for this review.

The review is expected to be completed before the end of September 2016.

If you have any questions, just ask.

A copy of this email will be placed into ADAMS
