Don

This E-mail is to notify you that Duke Energy has completed our proprietary and factual review of the draft of the Levy FSER transmitted to us by the NRC on May 17, 2016. We have provided technical and editorial comments through a series of E-mails between May 17th and earlier today, which you have acknowledged you have received.

Our review did not identify any information of a proprietary nature in the nonsecurity-related or nonproprietary portions of the FSER, so it is acceptable to make this information available for public inspection when NRC has dispositioned to their satisfaction the comments provided as part of the Duke Energy review.
