RE: Notification of transfer of generally licensed device to Agilent

I am writing to inform you that we have transferred for disposal the following sealed source material to Agilent Technologies Inc., ATTN: David Bennett (RSO), 2850 Centerville Road, ATTN: ECD LAB, Wilmington, DE 19808-1610:

Manufacturer June 1997	Model #	Serial#	Isotope	Activity, mCi
Agilent	G2397A	U5442	Ni63	15.0

This device was transferred on April 28, 2016. Under current compliance and pursuant to 10 CFR31.5 paragraph (c) (2), (c) (3), and (c) (4), this device has been leaked tested for leakage of radioactive material and proper maintenance records.

If you have any further questions, please contact Ms. Kelly L. Petrillo, DuPont Wilmington Area Radiation Safety Officer, 302-451-4689, facsimile 302-451-4545, or by e-mail at Kelly.L.Petrillo@dupont.com.

Sincerely,

Kelly L. Petrillo
DuPont Wilmington Area Radiation Safety Officer
