RE: NRC License No. 13-10205-01 Renewal Application

Dear License Reviewer:

I am providing two revised/corrected documents for the **Community Hospital of Anderson and Madison County** U.S.N.R.C. materials license renewal application as requested late last week via telephone conversation. Please see attachment(s).

Secondly, as requested, **Community Hospital of Anderson and Madison County** does not perform radionuclide PET procedures at this facility under this license. Mobile PET services are provided to this facility by an outside vendor.

If you have any additional questions with regard to the renewal application and/or this correspondence, please feel free to contact me at 765-298-5174.

Sincerely,

Mr. Joseph M Rastetter, C.N.M.T.
Radiation Safety Officer
Nuclear Medicine
Community Hospital of Anderson and
Madison County

6. Establish personnel exposure investigational levels as a part of the ALARA program and philosophy.
7. Approve or disapprove minor changes in radiation safety procedures that are not potentially important to safety with the advice and consent of management.

- (1) As Radiation Safety Officer for **Community Hospital of Anderson & Madison County** I agree to be responsible for implementing the radiation protection program. **Community Hospital of Anderson & Madison County** shall ensure through my authority that radiation safety activities are being performed in accordance with **Community Hospital of Anderson & Madison County's** established approved procedures and regulatory requirements.

Mr. Joseph Rastetter, C.N.M.T.
Radiation Safety Officer
Community Hospital of Anderson & Madison County

5-31-16

Date

Delegation of Authority

Mr. Joseph Rastetter, C.N.M.T., has been appointed Radiation Safety Officer and is responsible for ensuring the safe use of radiation. The Radiation Safety Officer is responsible for managing the radiation safety program; identifying radiation safety problems; initiating, recommending, or providing corrective actions; verifying implementation of corrective actions; and ensuring compliance with regulations. The Radiation Safety Officer is hereby delegated the authority necessary to meet those responsibilities.

In accordance with 10 CFR 35.2024, "*Records of authority and responsibilities for radiation protection programs*," **Community Hospital of Anderson & Madison County** will provide Mr. Joseph Rastetter, C.N.M.T., (Radiation Safety Officer) with sufficient authority, organizational freedom, time, resources and management prerogative to:

- 1) Identify radiation safety problems;
- 2) Initiate, recommend, or provide corrective actions;
- 3) Stop unsafe operations; and,
- 4) Verify implementation of corrective actions.

Hey Tiresha,

I need the following document put into ADAMS and get the ML no. to put on my license renewal. I have also attached a 665.

If you have any questions, please let me know.

Thanks.
Bryan
