**SUBJECT: NRC INSPECTION REPORT NO. 03013108/2016002, U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES, CENTERS FOR DISEASE CONTROL AND PREVENTION, ATLANTA, GEORGIA AND NOTICE OF VIOLATION**

Dear Dr. Monroe:

On February 11-13, 2016, James Cassata of this office conducted a safety inspection at the above address of activities authorized by the above listed NRC license. The inspection continued in office until June 1, 2016. The inspection was an examination of your licensed activities as they relate to radiation safety and to compliance with the Commission's regulations and the license conditions. The inspection consisted of observations by the inspector, interviews with personnel, and a selective examination of representative records. The findings of the inspection were discussed with Narvaez L. Stinson and Paul Simpson of your organization at the conclusion of the inspection on June 1, 2016.

Based on the results of this inspection, the NRC determined that five Severity Level IV violations of NRC requirements occurred. The violations are evaluated in accordance with the NRC Enforcement Policy. The current Enforcement Policy is included on the NRC's Web site at <http://www.nrc.gov/about-nrc/regulatory/enforcement/enforce-pol.html>. The violations are cited in the Notice of Violation (Notice), provided as Enclosure 1 to this letter. The violations are cited because they were identified by the NRC. Enclosure 2 provides a determination of severity level and a description of the corrective actions taken by U.S. Department of Health and Human Services Centers for Disease Control and Prevention to address the violation.

The NRC has concluded that information regarding the reason for the violations and the corrective actions taken and planned to correct the violations and prevent recurrence is already adequately addressed in our records. Therefore, you are not required to respond to this letter unless the description of your corrective actions in Enclosure 2 does not accurately reflect your actions or your position. In that case, or if you choose to provide additional information, you should follow the instructions specified in the enclosed Notice.
