**Subject:** [External\_Sender] RE: NRC Notification of State of Florida Regarding St. Lucie License Amendment - Change the Unit 1 and Unit containment vacuum analyses and make conforming changes

Good Afternoon,

Sorry I missed your call earlier today. We have no comments regarding the amendments.

Thank you!

Cindy

**Subject:** NRC Notification of State of Florida Regarding St. Lucie License Amendment - Change the Unit 1 and Unit containment vacuum analyses and make conforming changes

Good Afternoon Ms. Becker,

As a follow-up to my phone call this morning, the U.S. Nuclear Regulatory Commission (NRC) is about to issue license amendments for the St. Lucie Nuclear Plant, Units 1 and 2. In accordance with Title 10 of the Code of Federal Regulations, Section 50.91(b), I am notifying you of the proposed issuance of these amendments.

Please reply if the State of Florida has comments on the following licensing action submitted to the NRC by Florida Power & Light Company, et al. (the licensee): "License Amendment Request - Containment Vacuum GOTHIC Analyses and Conforming Changes" dated October 15, 2015 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML15301A765), as supplemented by a letter dated May 6, 2016 (ADAMS ML16133A037).

The associated proposed no significant hazards consideration for this amendment request was published in the Federal Register on February 16, 2016 (81 FR 7839).

Your response is requested by June 14, 2016. If you have any questions, please call or e-mail me.

Thanks,

**Perry Buckberg**

Senior Project Manager
