

**UNITED STATES  
NUCLEAR REGULATORY COMMISSION**  
WASHINGTON, D.C. 20555-0001

June 29, 2016

Matt R. Feldman, Chairman of ANSI N14 Committee  
National Transportation Research Center  
2360 Cherahala Blvd.  
Knoxville, TN 37932

Dear Mr. Feldman:

I would like to nominate Bernard H. White IV as the authorized Nuclear Regulatory Commission (NRC) representative on the American National Standards Institute (ANSI) N14 Standards Committee – Packaging and Transportation of Radioactive and Non-nuclear Hazardous Materials. This nomination is to replace the current NRC representative Ms. Michele Sampson. Mr. White is a senior project manager and is responsible for coordinating the review and approval of spent nuclear fuel storage and radioactive material transportation package designs

In accordance with the Office of Management and Budget Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," February 19, 1998, the participation on a committee of an NRC-authorized representative does not connote agency agreement with, or endorsement of, decisions reached by the committee, or of standards approved and published as a result of the committee's efforts. Agency representatives participating on standards developing groups will, to the extent possible, ascertain the views of the agency on matters of interest and will express views that are consistent with established agency views.
