Subject: Draft Env. RAIs
Date: Friday, June 10, 2016 4:43:36 PM
Attachments: [Draft NWMI Env RAIs.pdf](#)

Carolyn,

Please find attached a copy of the draft environmental request for additional information (RAIs). The purpose of sending you an advanced copy of the Draft RAIs, prior to formally issuing the RAIs and letter, is for your review to ensure they are clear and understandable. Once you have a chance to review the RAIs, if needed, we can discuss any clarification questions you may have regarding the RAIs as well as an RAI response due date (in accordance with NRC regulations you will have 30 days, from formal issuance of the RAI letter, to respond to the RAIs).

The NRC staff asks that NWMI also review the draft RAIs to ensure that proprietary information has not inadvertently been included. Should any proprietary information be identified, please contact me by Thursday, June 16th. If I do not hear from you by Thursday, June 16th I will assume no proprietary information has been inadvertently included in the RAIs.

Please note that this is a draft of the RAIs and there could be changes to the environmental RAIs as it continues through the NRC concurrence process. The RAIs will be issued as an enclosure to a formal letter.

Thank you,
Nancy
