Hello Jim

This is to advise you that your letter dated June 6, 2016 requesting authorization to use helices for testing has been received and has been entered into the ADAMS system. The cover letter is at accession number ML16160A111 and is publically available. The attachment (details) will not be publically available.

Cost Activity Code (CAC) number L33419 has been opened for the review of the request. Please refer to it in any correspondence on this matter.

I would estimate that this review will be completed by the end of September, 2016.

If you have any questions, just ask.

A copy of this email will be placed into ADAMS.
