

## **SC&A, Inc. Personal Communication Log**

Date: 12/16/2015

Time: 10:30 am

Project Title: Kendrick Expansion Area SEIS

Project Number: AERPS/003/20

Between: Karmen King/SC&A with Andrew Nikirk/Fisheries Biologist/Wyoming Game and Fish Department

Contact Information: Andrew Nikirk: (307) 672-7418: Andrew.Nikirk@wyo.gov

Discussion Notes: KK Called AN requesting any available fisheries (game and nongame) information for drainages associated with Crook County (Little MO etc.).

AN – Very little information available. WGFD concentrates on game fish. Can refer to Management reports for stocking information but NE Wyo – fairly minimized for game fisheries management.

AN- knows of some historic documents, and possible nongame fisheries docs – he will pursue these and send ASAP.

AN- recommended Erika Peckham out of the Gillette WY office as a point of contact for wildlife information. Crook County is her management area.

AN- sent four documents via email on 12/17/2015 as follows:

- 8LM BMP April 13 revision – File name
  - Wyoming Game and Fish Department (WGFD), 2013. Little Missouri River Basin (8LM). Wyoming Game and Fish Department. Fish Division, Basin Management Plan. Last update: April 2013.
- 2011\_McGree\_PrairieStreamFishComm... - File name
  - McGree, M.M., C. A. Moan, A. Lickteig, and G.P. Edwards Jr., 2011. Prairie stream fish communities and habitat associations in the Belle Fourche, Cheyenne, Little Missouri, and Little Powder river drainages of Wyoming. Wyoming Game and Fish Department, Fish Division, Administrative Report 2011.

- 1997\_Patton\_PhD\_Dissertation\_Distribu... File name
  - Patton, T.M. 1997. Distribution and status of fishes in the Missouri River Drainage in Wyoming: Implications for identifying conservation areas. Ph.D. dissertation. University of Wyoming. Laramie, Wyoming.
- 2007\_Barrineau\_Status of Habitat and Native... - File name
  - Barrineau, C., B. Bear, and L. Tooker. 2007. Status of Habitat and Native Species in Northeast Wyoming Prairie Streams. Wyoming Game & Fish Department Administrative Report, Cheyenne, Wyoming.
