***Re: Turkey Point Units 6 and 7  
Proof of Primary Financial Protection***

Dear Erica,

American Nuclear Insurers (ANI) confirms that it will write nuclear liability insurance for Florida Power & Light Company covering Turkey Point Units 6 and 7 concurrent with the effective date that the NRC issues them a Combined License (COL).

Currently, ANI insures Turkey Point Units 3 and 4 under nuclear energy liability Facility Form Policy No. NF -0185, issued to Florida Power & Light Company. The Facility Form policy has a limit of liability of \$375 million. This policy provides primary financial protection as required under Section 170 of the Atomic Energy Act of 1954, as amended. Turkey Point Units 6 and 7 would also be covered under this policy concurrent with the effective date that the NRC issues the COL.

Please feel free to contact me with any questions or comments.

Yours sincerely,
