Subject: FW: Re: Tritium leak at Indian Point

On June 20, 2016, Jim Noggle and myself had a phone call with Mr. Paul Blanch regarding his open questions on the tritium leak at Indian Point. Mr. Noggle provided the answers to his questions and discussed our open item still being evaluated through our inspection process. At the end of the call, Mr. Blanch stated that he was satisfied with our response and did not have any open concerns with regard to Indian Point tritium. Enclosed is Mr. Blanch's e-mail (ML16187A093 and ML16050A311). Branch 2 considers this item closed.
