

UNITED STATES
NUCLEAR REGULATORY COMMISSION

REGION IV
1600 E. LAMAR BLVD.
ARLINGTON, TX 76011-4511

July 7, 2016

MEMORANDUM TO: Jack E. Whitten, Chief
Fuel Cycle and Decommissioning Branch
Division of Nuclear Materials Safety

FROM: Vivian Campbell, Chief */RA R. Kellar Acting for/*
Nuclear Material Safety Branch B
Division of Nuclear Materials Safety

SUBJECT: TRANSFER OF DECOMMISSIONING LICENSE AMENDMENT
REQUEST FOR REVIEW AND APPROVAL

I request the assistance from the Fuel Cycle and Decommissioning Branch for the review of the following decommissioning license amendment request. The licensee is determined to be a category Group 3, as described in NUREG-1757, "Consolidated Decommissioning Guidance" and the licensee has requested that the facility be released for unrestricted use in accordance with 10 CFR 20.1402, the facility removed from their Broadscope license.

Following is a summary of the license amendment request:

1. University of Alaska Fairbanks

The licensee submitted a Site Characterization Survey for the Large Animal Research Station to support the release criteria. The facility could potentially be sold to a company that will sell reindeer meat for human consumption.

Time spent by FCDB staff on this review should be charged to J81110, since this decommissioning activity is not for license termination, but only partial decommissioning.

License No. 50-02430-07
Docket No. 030-01179
Control No. 590694
ML No. 16117A358

(***Note: See ML11173A157 for previous SER and release criteria of the incinerator for University of Alaska Fairbanks Mail Control No. 472507***)
