Mr. Tran:

Northwest Radiology Network would like to revise the amendment request previously submitted for its NRC Byproduct Materials License, Number 13-32258-01. We now wish to drop the request to add Durga K Pai, M.D. as an authorized user. Dr. Pai is no longer practicing at our facility.

Additionally, we request the removal of Stewart Worrell, M.D. from the license. Dr. Worrell has discontinued practice at our facility.

If there are any questions concerning this license amendment, please contact our nuclear medicine physicist, Mr. Patrick J. Byrne, DABR, CHP, DABSNM at 877-317-5811.

Sincerely,

Lori Bricker
Director of Operations
