Subject: Coal-Mac, Inc., Request for Additional Information Concerning Application for a License Amendment, Control 591471

Dear Mr. Boyd,

This is in reference to your letter dated June 30, 2016, requesting for amendment to Nuclear Regulatory Commission License No. 47-25599-01, Docket No. 03036047. In order to continue our review, we need the following additional information:

1. Because our system to write licenses has changed, I need to separate your material activity into separate authorizations. Please inform me of the Cesium 137 total activity you would like to be authorized for to support each type device:
 - A. Berthold Technologies U.S.A., LLC Model LB 7440D: Thermo process instruments, L.P. Model 5204
 - B. Thermo Process Instruments, O.P. Model 5201
 - C. Thermo Gemma Metrics Model CB-HI
2. Please inform me of the Californium 252 total activity you would like to be authorized for to support each type of device:
 - A. Thermo Gemma Metrics Model CB-HI
 - B. Thermo Gamma Metrics Model CBX

Please consider the need to change devices or additional sources for future operations when requesting the maximum amount of material on your license.

We will continue our review upon receipt of this information. Please reply to my attention at the Region 1 Office (Address below) and refer to Mail Control No. 591471. If you have technical questions regarding this letter, please call me at (610) 337-5366. As this is a request for information and not a commitment, you may respond by electronic mail.

If we do not receive a reply from you within 30 calendar days from the date of this e-mail, we will assume that you do not wish to pursue your application OR amendment request.

Please respond by e-mail to acknowledge that you have received the e-mail request for additional information.

Region 1 Office Mailing Address: Licensing Assistance Team, US Nuclear Regulatory Commission Region I, 2100 Renaissance Boulevard, Suite 100, King of Prussia, PA 19406-2713.
