General Comment

Please support the sale of the JA Fitzpatrick plant to Exelon. The sale will provide, among other things:

More than 600 direct jobs

Opportunities for 1,000 building tradesmen and skilled workers who are involved in refueling, maintenance and plant outages

\$500 million per year in regional economic activity

More than \$70 million in annual payroll

More than \$17 million in annual property taxes

Enough carbon-free electricity to power more than 800,000 homes

Avoidance of more than 3 million tons of CO2 emissions annually, which represents about 10% of the carbon savings for all of New York

850 megawatt nuclear plant that provides reliable energy 24/7 and is a significant base load and dependable source needed for economic development progress and stability

Thank You.
