Transmittal of NRC Approved Topical Report WCAP-17096-NP-A, Rev. 2
"Reactor Internals Acceptance Criteria Methodology and Data
Requirements" (Tac Number ME4200), PA-MS-C-0473

Reference: 1. Letter, K. Hsueh (NRC) to A. Demma (EPRI), Final Safety Evaluation of WCAP-17096-NP-A, Rev. 2 "Reactor Internals Acceptance Criteria Methodology and Data Requirements" (Tac Number ME4200), dated May 3, 2016

Dear Mr. Amberge,

The purpose of this letter is to transmit four (4) non-proprietary copies of WCAP-17096-NP-A, Rev. 2 "Reactor Internals Acceptance Criteria Methodology and Data Requirements", containing the staff's Safety Evaluation to EPRI for distribution to the NRC to support MRP-227-A, Revision 0. This transmittal completes the actions associated with topical report WCAP-17096-NP-A, Revision 2; thus, the PWROG requests that TAC No. ME4200 be closed.

The PWROG would like to request that we are kept on distribution for the transmittal of the final report to the NRC.

For technical questions regarding the enclosed report, please contact the program project manager Brad Carpenter (W) at (412) 374-4031. If you have any additional questions or comments on the enclosed report, feel free to contact Jim Molkenthin in the PWROG office at (860) 731-6727.

Sincerely,

J. Molkenthin Approving for J. Stringfellow
