List of Additional Changes Not Associated with the RAIs

Change No.	Changed Areas	Reason for Change
1	Section 6A.1 Section 6A.3.5.1 Section 6A.3.5.7 Section 6A.4.5.1 Section 6A.4.5.7 Section 6A.5.5.7 Section 6A.6.5.7 Section 6A.7.5.7 Section 6A.8.2.7	In order to ensure consistency by all general licensees in evaluating and assessing aging management program corrective actions, the need to follow the same methodology used in the licensing and design basis calculations has been added to each AMP.
2	Appendix 6A Attachment A	A re-assessment of the content of the AMPs in Appendix 6A and the corresponding summary tables in Attachment A has been performed for AREVA Proprietary information. Appendix 6A and Attachment A have been revised so that only a small portion is now considered to be Proprietary. The rest of the information is either generic or publicly available; much of it is included in the recently issued DRAFT MAPS Report (ADAMS Accession # ML16235A124).
