RE: Mail Control Number 591822

Dear Mr. Lawyer:

Please find below the updated verbiage for the leak test requirements for the Application for Material License for the Mount Storm Power Station. Also find the requested additional information for the requested change for the NRC management contact person and the Radiation Safety Officer.

For Leak Tests:

Leak tests will be performed by an organization licensed by the NRC or an Agreement State to provide leak testing services to other licensees; or by using a leak test sample collection kit supplied by an organization licensed by the NRC or an Agreement State to provide leak test kits and/or sample analysis services to other licensees and according to the kit supplier's instructions. Records of leak test results will be maintained."
