**RE: Notice of Indirect Transfer of Control NRC 13-26246-01MD**

To Whom It May Concern:

Radiopharmacy, Inc. ("Radiopharmacy") wishes to provide notification that a change in the indirect control of its facility occurred on August 31, 2016. Specific addresses and pharmacy license numbers are listed on page two, below. A description of the indirect transfer of control that resulted from this transaction is set out below.

Pharmalogic Holdings Corp. acquired 100% of the stock of the current individual indirect owners of Radiopharmacy. Radiopharmacy retained its corporate name and its federal employer identification number. Radiopharmacy continues to operate its business. In other words, there has been no change in ownership of Radiopharmacy as a result of the transaction. Pre- and post-closing organizational charts are enclosed for your reference.

All conditions included in the application packet and the Certificate for the facility remain in effect without change. There has been no change in the management or professional staffing of the facility. Specifically:

- There has been no change in personnel or duties that relate to the licensed program.
- There has been no changes in the organization, location, facilities, equipment, or procedures that relate to the licensed program.
- Radiopharmacy continues to maintain compliance as it relates to area surveys, wipe tests, training, quality control and related records presently and upon closing of this transaction.
- Radiopharmacy confirms that all records concerning the safe and effective decommissioning of the facility has been transferred to the transferee or to NRC, as appropriate.
- Radiopharmacy confirms that both transferor and transferee agree to transferring control of the licensed material and activity, and the conditions of transfer, and the transferee has been made aware of any open inspection items and its responsibility for possible resulting enforcement actions, as applicable.
- Radiopharmacy confirms that the transferee will abide by all constraints, conditions, requirements, and commitments of the transferor.
