LETTER TO EDITORS ACROSS THE COUNTRY INCLUDING NYT, WASH POST, LA TIMES ETC.

The Journalist's Creed in Part, "I believe that the public journal is a public trust; I believe that suppression of the news, for any consideration other than the welfare of society, is **indefensible.**"

Thank goodness for You Tube, Google & Community newspapers who are not in collusion as the Liberal Mainstream Media including the Boston Globe, NH AP & FOX, who will do anything to destroy my goal to become your next president? **Fox TV claims they are Fair Balanced & Unafraid.** What a Joke that is. FOX & other national press will not touch the scandals I have due to the fact they will not get anymore leaks from the White House or Congress if they write about the word **NUCLEAR.** Just recently, after I was invited to be on NH Manchester Public Radio for over an hour, Jack heath of WGIR owned by radio giant, IHeartMedia lied on a Manchester Police Report about me which is criminal. This incident is currently being investigated by the Concord State Police Crime Unit.

These negative assaults on my character are especially true in NH. This is where self-proclaimed "Pussy Cat", John Sununu whose power & influence continues to keep the press from writing about me while expecting his son to become the next Governor of NH.

I just hope his son does not have the same twisted priorities his father had when he was White House Chief of Staff under President Bush. The cat used a secret document from Energy Chief Admiral Watkins in order to get Senate Bill 1220 though to finally license the Seabrook Nuclear Plant (**memo; "NRC Chairman Selin might more quickly fall in line for Governor Sununu than he would for Admiral Watkins."**) What a mockery of our democratic process. More of John's dirty tricks finally got George to chase his Chief of Staff out of Washington & back to the Granite State.

For more scandals given to me, go to my web site:www.stephencomleysr.com You will find 5 videos. 4 are also seen in You Tube. They are only a minute long: 2 with Mr. Trump & I, 1 with Sen. Rubio & I & 1 with Dr. Carson & I. All said they would look into my issues & get back to me but none did. The 5th video is done by Sarah of the media class at Triton Regional High School where my 30 year journey first started.

President Obama, all the candidates including Hillary Clinton & the liberal media have been sitting on Counterfeit Substandard Nuclear parts which our organization We The People first brought to light. Bogus parts are present in most if not all U.S. Nuclear Plants including Seabrook Station. These nuclear components are present in nuclear weapons our country is selling to our brothers & sisters in Europe.

Best regards,

Signed
