Norma,

Regarding my comment on CoC Condition 5(b)(1)(ii) below (3<sup>rd</sup> bullet), after reading the description of Content #02 in Section 9.1 of the MIDUS SAR, I agree with the word "will" used in the draft CoC. Thank you again for the opportunity to review and comment on the draft CoC. I look forward to receiving a courtesy copy of the draft SER for review soon.

Best regards,

Norma,

Thank you for the opportunity to review the draft CoC No. 9320, Revision 3. Our comments are as follows:

- Pg. 1, Sections 3a and 3b: Please change "EnergySolutions Spent Fuel Division" to "EnergySolutions".
- Pg. 2, Condition 5(a)(3), Drawings: The revision number for Dwg. No. TYC01-1607 should be Rev. 0, not Rev. 2 as currently shown.
- Pg. 2, Condition 5(b)(1)(ii): Please change the sentence beginning with "The metal will be contained..." to "The metal may be contained..." for consistency with the wording in the Content #02 specification on Dwg. No. TYC01-1601, Rev. 2, Sheet 2, Table 1.
- Pg. 3, Condition 8: Please allow a longer grace period for use of Revision 2 of the CoC. We request at least a minimum 3 month grace period to allow the existing cask users sufficient time to update their procedures and documentation to transition to Revision 3 of the CoC. Therefore, we ask that you change "October 31, 2016" to "January 31, 2017".

Please contact me if you would like to discuss these comments or need additional clarification.

Best regards,
